THIRTY DAYS AFTER

Flushing Nurseries

CATALOG No. 11

SHOWING REPRODUCTIONS FROM PHOTOGRAPHS OF
WORK DONE ON THE GROUNDS OF J. D. WELLS, JR., ESQ.,
BY THE LANDSCAPE DEPARTMENT OF THE FLUSHING
NURSERIES, INC THE ILLUSTRATIONS SHOW THE
PREMISES BEFORE THE WORK WAS COMMENCED, AND
THIRTY DAYS AFTER IT WAS COMPLETED.

MAN sometimes builds a beautiful house and feels on its completion that something is lacking; that his ideal of a beautiful home has not been entirely realized. He may find upon investigation that he has not taken advantage of a judicious treatment of the grounds which does so much towards completing the home and forming a beautiful and artistic picture. We believe there are many persons to whom a proposition of this kind especially appeals. In dealing with our firm, through its well equipped landscape department, your work receives most careful attention by experts. We will cheerfully furnish information regarding our service at any time, and invite correspondence.
